All in one BESS system, include hybrid inverter, lithium ion battery, air conditioner, fire alarm and cabinet. IP55 outdoor Cabinet, easy to use. Support parallel, system can be expand.

This integrated solar battery storage cabinet is engineered for robust performance, with system configurations readily scalable to meet demands such as a 100kwh battery storage requirement.

The concept of an energy storage cabinet is to centrally store electrical energy in order to supply power during peak power demand or in case of emergency. It mainly consists of a battery, an inverter, and ...

Sunpal 100kW/215kWh outdoor battery storage system offers reliable solar backup, peak shaving, and EV charging support with smart BMS and remote control.

We are a factory specialising in the field of solar inverter and solar energy storage system. With advanced intelligent production lines and an experienced production team.

Photovoltaic Solar Panels\*\*: We offer high-efficiency solar panels to capture and convert sunlight into electricity using state-of-the-art technology, delivering outstanding performance and durability.

Delivers 100 kW rated AC power and 232 kWh battery capacity for industrial and commercial energy needs. Designed with IP55 protection, transformer isolation, and real-time monitoring for enhanced ...

Our 50KW/100KWH outdoor cabinet energy storage system, with its excellent performance and thoughtful design, is the ideal choice for outdoor energy storage applications.
