Modular design of structure and components, according to different configurations, flexible for a variety of industrial and commercial scenarios such as microgrid, light storage and charging integration.

Ideal for temporary power, remote locations, or emergency backup, these all-in-one solutions combine high-efficiency solar generation with integrated storage for rapid deployment in construction, events, ...

Foldable Photovoltaic Power Generation Cabin is a containerised solar power solution. Combining the features of solar power generation and mobility, it provides electricity all over the world.

Energy Storage System Products List covers all Smart String ESS products, including LUNA2000, STS-6000K, JUPITER-9000K, Management System and other accessories product series.

MOBIPOWER hybrid clean power containers combine battery energy storage systems with off-grid solar containers for remote industrial sites in Canada & USA.

This is the product of combining collapsible solar panels with a reinforced shipping container to provide a mobile solar power system for off-grid or remote locations.

LZY-MS1 Sliding Solar Container delivers 20-200kWp power generation with integrated 100-500kWh battery storage. 24-hour deployment for mining operations, construction sites, and disaster relief with ...

LZY-MS1 Sliding Solar Container delivers 20-200kWp power generation with ...
