-----

625W~635W Key Features High Efficiency Leading module efficiency in industry, up to 22.7%

Sunpal's TOPCon BiMAX5N Bifacial Ultra Black Dual Glass solar ...

Better light trapping and current collection to improve module power output and reliability. The N-type module with Hot 2.0 technology has better reliability and lower LID/LETID. Excellent Anti-PID ...

Sunpal's TOPCon BiMAX5N Bifacial Ultra Black Dual Glass solar modules utilize 182mm cells to achieve power output ranging from 410W to 635W, ensuring sufficient energy production for your ...

Jiangsu Jingke"Ao Technology Co., Ltd. Specializes In Photovoltaic Modules Production And Solar Power Plants, Offering High-Quality Photovoltaic System Products.

The LONGi 625W-645W solar panel, part of the Hi-MO X10 Explorer LR7-72HVD series, is designed for high-performance industrial and commercial solar applications.

The solar panel series offers a premium power output range from 625W to 645W, providing industry-leading energy yield for large-scale projects.

Electrical Specifications (Integrated power) ... Electrical characteristics with diferent rear power gain (reference to 635W)
