-----

What impressed me most was the inverter's performance. It operates at a high power output of 68000W, which is more than sufficient for effective ultrasonic fishing.

Product Summary: Power Supply 12v68000w high Power Inverter Machine Head 12v Battery car Boost Transformer Converter From NLCKDSML

The global market for high-capacity fishing inverters is experiencing robust expansion, projected to grow at a CAGR of 8.2% through 2028. Demand for 68000W units is primarily driven by ...

The high and low pressure switch on the machine is determined by the depth of the water, and the high pressure and shallow water with deep water are used to save energy.
