What is the best solar inverter in Australia?

And bear in mind that even the best solar components can be negatively impacted by poor installation, so choosing a good accredited installer is as important as choosing the right device. According to 161 Aussie installers, the best solar inverter in 2025 is Fronius, followed by Sungrow, and Goodwe.

Are solar inverters safe in Australia?

Most solar inverters supplied by reputable retailers in Australia are OK, with the emphasis on "most." However, some horrible devices still being installed today have somehow managed to pass Australian compliance testing. These will likely cause their owners some heartache and hip pocket pain down the track, so make sure you're not one of them.
