R& B Switchgear Group offer a specialist range of arc flash mitigation solutions for low and medium voltage switchgear, designed to prevent and mitigate incidences of arc flash, thereby helping to ...

Investing in top-quality Arc Flash Clothing in Jamaica is imperative for ensuring the safety of workers, and our extensive range is meticulously crafted with cutting-edge materials and technology.

Crown Technical Systems manufactures Medium-Voltage, Metal-Clad, Arc-Resistant Switchgear that meets ANSI/IEEE C37.20.7 standards for metal-clad switchgear.

The Arc Flash Protection option detects arc flash conditions in switchgear and operates circuit breakers to remove the current source from the arc, thus mitigating the potential damage to equipment.

Point Eight Power offers a full line of low- and medium-voltage arc-resistant switchgear to help combat the over 30,000 arc flash incidents that occur each year - causing thousands of injuries and fatalities.

Rapid arc flash detection and protection offer very fast and reliable interruption of an arc fault.

Safe and effective to group motor and power control in distribution applications with FlashGard™ MCC with arc-prevention technology and Arc-Resistant MCC with robust Type 2 arc-resistant construction ...

Each CBS ArcSafe remote switch actuator is custom built to your electrical equipment so that it can safely operate your electrical equipment outside the arc-flash boundary.
