What should a locker room look like?

Locker rooms should allow multiple employees to change at once without crowding. Layouts should support easy movement, with lockers placed away from doorways or traffic routes. 2. Secure Individual Lockers Each employee should have a locker with a secure lock for personal belongings. Options may include: 3. Hygiene and Cleanliness

Why is employee locker room and changing room important?

Providing well-equipped employee locker rooms and changing rooms is essential for safety, hygiene, and employee satisfaction. These spaces not only help workplaces meet legal obligations but also support smooth operations, especially in environments where workwear is required.

How do you meet employee changing and locker room requirements?

Meeting employee changing and locker room requirements is about more than compliance--it's a matter of professionalism, hygiene, and respect for your staff. Tailoring facilities to the specific needs of your industry improves safety, simplifies workwear management and enhances overall morale.

How do I keep my belongings safe?

**PERSONAL BELONGINGS** Keep your belongings locked in a locker or at our seasonal Coat Check to keep our spaces clear and help avoid injury to other members. Bikes and scooters may not be stored in our seasonal Coat Check.
