Where can I find a charging station?

ChargeFinder is available as an app for iOS and Android. Download the app from Apple App Store or Google Play. ChargeFinder will eventually also be available as apps in Apple CarPlay, Android Auto and Android Automotive. Specific city pages provide a good overview of charging stations in a particular city.

How is chargefinder updated?

ChargeFinder is continuously updated with new charging stations from the larger charging networks, individual smaller players and a variety of other data sources. The information is continuously supplemented and refined with the help of ambassadors and our growing community.

How do I find out if a charging station is nearby?

The station page shows the charging speed, outlet type, number outlets, price, which operator owns the station, and other relevant location information. With ChargeFinder's "Food and Shopping Nearby" it's easy to find out if there are eateries or other points of interest adjacent to the charging station.

How do I charge my ChargePoint RFID card?

Tap your ChargePoint RFID card to start charging at ChargePoint or roaming partner stations. Press the "Start Charge" button in your ChargePoint app to begin charging at all ChargePoint and certain roaming partner stations. Tap your Apple or Android phone on a ChargePoint station to start charging.
