Why did Trump suspend offshore wind projects?

(AP Photo/Seth Wenig, File) WASHINGTON (AP) -- The Trump administration on Monday suspended leases for five large-scale offshore wind projects under construction along the East Coast due to what it said were national security risks identified by the Pentagon.

Why is the Department of the interior halting offshore wind projects?

WASHINGTON - The Department of the Interior announced today that it is pausing--effective immediately--the leases for all large-scale offshore wind projects under construction in the United States due to national security risks identified by the Department of War in recently completed classified reports.

Which wind projects are paused?

The administration said leases are paused for the Vineyard Wind project under construction in Massachusetts, Revolution Wind in Rhode Island and Connecticut, Coastal Virginia Offshore Wind, and two projects in New York: Sunrise Wind and Empire Wind.

Which offshore wind projects have been halted?

The five offshore wind projects whose leases were halted are: Vineyard Wind 1, Revolution Wind, Coastal Virginia Offshore Wind (CVOW), Sunrise Wind and Empire Wind. The projects are located near New England, Virginia and New York.
