**Product Features:** Standardized structure design, menu-type function configuration, photovoltaic charging module, a parallel off-grid switching module, power frequency ...

Featuring an IP55/IP65-rated enclosure, it offers excellent resistance to water, dust, and corrosion, making it ideal for solar energy, wind-solar hybrid, off-grid, and industrial backup power systems.

Cooperate with solar panels to form an energy-saving and green photovoltaic storage system, making it easier to build an independent energy storage system for residential and commercial use.

Our enclosure solutions impress with their use of corrosion-resistant materials (aluminum and stainless steel), high resistance, and a well-thought-out and customized design.

Get Costco Copenhagen Outdoor Energy Storage Cabinet 25kw After Sales Service products you love delivered to you in as fast as 1 hour with Costco Same-Day same-day delivery or curbside pickup.

Since energy storage cabinets are usually placed in outdoor environments, the anti-corrosion and weather resistance of their internal and external surfaces is crucial.

Engineered with reinforced steel enclosure and IP55/IP65 protection class for dust, water, and corrosion resistance in severe climates. Combines high-voltage lithium battery packs, BMS, fire protection, ...

The ESS-GRID Cabinet series are outdoor battery cabinets for small-scale commercial and industrial energy storage, with four different capacity options based on different cell compositions, 200kWh, ...
