Developed in partnership with Jinko Solar, Côte d'Ivoire Energies, and Eiffage RMT, the project marks a milestone in West Africa's renewable transition. It highlights a commitment to ...

Our eco° SOLAR initiatives in Côte d'Ivoire deliver engineered clean-energy systems -- including commercial BESS, solar generators, solar air-conditioning, and solar lighting -- for residential and ...

Abidjan, Côte d'Ivoire, August 7th, 2025 - IFC and the Government of Côte d'Ivoire today announced Infinity Power Holding as the winning bidder to design, finance, build, and operate two ...

The report "Off-Grid Solar Energy Market Côte d'Ivoire" by USAID provides a thorough analysis of the off-grid solar sector in Côte d'Ivoire. It covers market opportunities, risks, and current state, including ...

Boundiali, a city of around 40,000 in the north of Côte d'Ivoire, will soon be home to the country's first solar power plant. It will produce clean electricity for around 30,000 households, avoid ...

New Boundiali solar plant in Côte d'Ivoire inaugurated, providing sustainable electricity to 35,000 homes and marking a significant advance in Africa's renewable energy landscape.

Côte d'Ivoire is emerging as a leader in West Africa's renewable energy transition, with ambitious plans to integrate solar hybrid systems into its power grid by 2030.

It is the African country's first-ever large-scale solar project and the batteries will be used to smooth and integrate the variable output of the PV modules for export to the local electricity grid.
