Our proven HELIOS Solarator(TM) products are mobile, containerized renewable energy stations trusted by major corporations and government bodies on remote, regional, and urban sites.

This large-capacity, modular outdoor base station seamlessly integrates photovoltaic, wind power, and energy storage to provide a stable DC48V power supply and optical distribution.

Communication container station energy storage systems (HJ-SG-R01) Product Features. Supports Multiple Green Energy Sources Integrates solar, wind power, diesel generators, and energy storage ...

Among the latest innovations, the Hybrid Renewable Energy Container is standing out. It's not only a living or working space, but also a small, self-sufficient power station that can generate, ...

Whether you need a grid-tied, off-grid, or hybrid system, with or without battery storage, and even distributed setups, we offer fully customizable renewable energy solutions tailored to your specific ...

SolaraBox Mobile Solar Container brings green energy wherever you need it. The integrated solar system delivers 400-670 kWh of energy daily. Thanks to foldable solar arrays, the container is ...

BoxPower's hybrid microgrid technology combines solar, battery, and backup power into a modular platform designed for remote and resilient energy.

Ready to Transition Beyond Diesel? Discover the next generation of mobile, autonomous clean power. MOBISMART integrates solar, fuel cells, and batteries into hybrid systems that deliver where diesel ...
