---

The MS series inverter of Jiangsu GoodWe Power Technolgy Co., Ltd. (hereinafter referred to as GoodWe) strictly conforms to related safety rules in design and test.

It is recommended to connect the inverter's Bluetooth signal via SolarGo App and set the shadow scan parameters in single unit. Set the safety code, working mode of the main inverter, and the brand & ...

The usage and operation of the inverter must follow the instructions in this User Manual. Otherwise, the protection design might be impaired and the warranty for the inverter will be invalid.

View online or download Goodwe GW25K-MT Three Phase Inverter User Manual.

The SMT inverter is a three-phase PV string grid-tied inverter. The inverter converts the DC power generated by the PV module into AC power and feeds it into the utility grid.
