Researchers in Taiwan are proposing a market-based incentive scheme to help property owners to move from using their roofs for illegal dwellings to rooftop solar power generation.

Luckily, many states have passed solar access laws that bar HOAs from banning solar panels. Here's where those laws exist. What Are Solar Access Laws? Solar access laws can take ...

Paradoxically, the states most likely to do this are some that would greatly benefit from solar power, like Oklahoma, Kansas, and Nebraska. This article will list all the states with the largest ...

Picture this: You've just installed shiny new solar panels on your roof, only to receive a grumpy letter from your homeowners' association demanding removal. Is solar power generation system illegal? ...

Is Installing Solar Panels Illegal in Any State? What Incentive Programs Exist For Homeowners Who Want to Use Solar Power? What States Restrict Or Heavily Regulate Solar Panels? Closing Thoughts Technically, no state outlaws or bans solar panels; quite the opposite. Most states have solar access laws that forbid any agreement, covenant, condition, bylaw, or contract that outlaws or limits solar installations by Homeowners Associations (HOA) or other municipal bodies. Unfortunately, solar panels are still incredibly e... See more on todayshomeowner
