It's likely a scam. While there are some government-funded solar programs for households that qualify, "going solar" isn't free. Honest businesses ...

This article explores the most common solar panel scams, provides tips to recognize red flags, and offers guidance on protecting yourself from fraudulent solar companies.

It doesn't matter what they're selling--a new roof, driveway repaving, tree trimming, or solar panels--never hire someone who shows up at your door. You have no way of knowing who ...

What actually happens: The scammers either make off with your deposit or they install the panels but never produce the rebate. Also, the panels often aren't as efficient as they claim.

Your social media feed is probably full of them: ads promising free solar panels, guaranteed savings, or special government programs that'll pay you to go solar. Some even claim ...

It's likely a scam. While there are some government-funded solar programs for households that qualify, "going solar" isn't free. Honest businesses will tell you exactly how much it'll ...

No information about the cost to remove or transfer solar panels, which could lead you to believe you have future options that might not be available or affordable

Rooftop solar has a fraud problem. The industry is working to build back trust. A crew installs a solar array on the roof of a home in Frankfort, Ky., in 2023. PHILADELPHIA -- The solar ...
