Where is a curtain company located in Malaysia?

Headquartered in Taman Usahawan Kepong, Kuala Lumpur (KL), we have expanded our business to whole Malaysia. The company has been achieving success all these years as our support team has an extensive knowledge base in offering customer the optimum curtain solution. *Closed On Public Holidays.

Why do we install solar panels at Balakong & Penang?

By installing solar panels across multiple production facilities and offices at Balakong as well as at Penang, we have lowered our carbon emissions and decreased dependence on non-renewable energy. Our solar panels across all facilities generate 6,500+ GJ annually, directly powering production while cutting emissions.

What is curtain wall glazing?

The curtain wall method of glazing allows glass to be used in large uninterrupted areas creating consistent attractive facades. The flexibility in choice of NSG Group products allows the designer to control every aspect of the performance from thermal to solar considerations and ultimately the design statement for the building.
