The long-awaited reform of Mozambique's electricity law has reached the statute books this winter in Maputo (summer if you're in the Northern Hemisphere), with the enactment of Law 12/2022 of 11 ...

Around 5,500 households in the city of Maputo have been without electricity since Tuesday, July 29, due to a malfunction in the high-voltage power grid, announced the state-owned ...

Connectivity is increasing at city level, but affordability and reliability are compromised in some neighbourhoods, and negative health, safety, and environmental impacts are observed in others.

Power utility Electricidade de Mo&#231;ambique (EDM) expects to restore electricity tis Thursday to 1,600 customers in central Maputo still affected by a fault on a power line since ...

Na Electrical Safety, acreditamos que cada fio bem ligado, cada luz bem instalada e cada detalhe cuidado refletem mais do que t&#233;cnica -- refletem orgulho, dedica&#231;&#227;o e profissionalismo.

"At the moment, we have around 110,000 customers without electricity, most of them in Ch&#243;kw&#232; and Xai-Xai. Restoration essentially depends on the receding waters, because many ...

This is just one example of the daily reality for medium and small business owners in Mozambique. We set out to research what happens to small businesses when they have no regular, ...

Between 2020 and 2024, more than 514,000 households in Mozambique were connected to electricity under the Mozambique Energy for All project (ProEnergia), benefiting approximately 2.6 ...
