Our technology engages bio-based phase change materials, enabling us to craft highly efficient and eco-friendly Thermal Batteries. PhaseStor, with over 35 years of unwavering dedication, has been at the ...

Thermal Energy Storage Solution: Phase Change Active temperature management Thermal resiliency & redundancy

Phase Change Energy Solutions is a series C company based in Asheboro (United States), founded in 2011 by Byron Owens and Reyad Sawafta. It operates as a Developer of thermal ...

Phase Change Materials (PCM) by PLUSS offers innovative solutions for sustainable thermal energy storage, enabling efficient heating, cooling, and integration with renewable energy systems.

Let's face it - storing energy efficiently has always been the holy grail of renewable tech. Enter phase change energy storage (PCES) brands, the unsung heroes quietly transforming how we ...

The top 10 companies in advanced phase change materials are at the forefront of this transformation, developing cutting-edge PCM technologies with a wide range of applications across various industries.

Phase Change Energy Solutions is a series C company based in Asheboro (United States), founded in 2011 by Byron Owens and Reyad ...

In this blog, we profile the Top 10 Companies in the Phase Change Material Industry --innovators driving material science advancements across organic, inorganic, and bio-based PCM ...
