LIPEP has a wealth of experience and our technical team can provide you with a customised energy storage and solar system tailored to your needs. We have in-depth cooperation with manufacturers ...

Equipped with fire protection and flexible AC/DC configuration, its lightweight design enables easy installation, delivering a safe, efficient all-in-one energy storage solution.

This achieves an integrated "PV + Energy Storage" solution. The cabinet system adopts a modular design, allowing flexible configurations for photovoltaic, batteries, and loads, meeting various user ...

This 30/50kW all-in-one industrial energy storage system combines lithium batteries, inverter, and intelligent energy management in a single unit, offering a flexible solution for medium and large ...

Energy Cube 50kW-100kWh C& i ESS integrates photovoltaic inverters and a 100 kWh energy storage system. It includes battery cells, Battery Management System (BMS), photovoltaic inverters, fire ...

We have dedicated after-sales teams in Southeast Asia and Europe. Once the storage batteries arrive at your project site, you can follow our installation guide to complete the setup yourself.

Our 50KW/100KWH unit integrates cutting-edge technology into a single, streamlined cabinet, delivering a powerful and simple solution for intelligent energy management.

By combining cutting-edge technology, strict quality control, and global service support, we ensure that every outdoor cabinet we provide--such as the 50kW-100kWh system--meets the highest standards ...
