The innovative and mobile solar container contains 200 photovoltaic modules with a maximum nominal output of 134 kWp and, thanks to the lightweight and environmentally friendly aluminum rail system, ...

We are thrilled to announce that Solar & Storage Live is coming to Switzerland, marking another milestone in our journey.

Chinese manufacturer Risen Energy showcased several storage solutions, including its modular Risen Stack1, a 60-kilowatt system with backup power for C& I and smaller applications.

Zurich, Switzerland, known for its picturesque landscapes and advanced infrastructure, is now setting its sights on harnessing Solar power to revolutionize its shipping industry.

This project focuses on large-scale battery storage systems designed to balance energy supply from solar and wind power, addressing the intermittent nature of renewables.

Join our free program featuring inspiring keynotes, practical case studies, and engaging panel discussions on solar and storage solutions from over 125+ industry experts, designed to spark ...

Our pioneering and environmentally friendly solar systems: Folded solar panels in a container frame with corresponding standard dimensions, easy to unfold thanks to a sophisticated rail system and no ...

Switzerland's Energy Shift Demands Action You know what's kinda wild? This postcard-perfect country still imports about 70% of its energy. But hold on - the solar container kit revolution coming in 2026 ...
