Each year, as the Sun returns to its natal spot, it creates a Solar Return chart - a cosmic snapshot of the energies influencing your upcoming year. Think of it as a personalized weather ...

Solar Returns (called Revolutions by the earlier authors) are the charts calculated for the time the Sun returns to its natal position each year. Let's review some of the important considerations and ...

What is the solar return chart? The chart is quite significant. The sun's position at the time of your birth will return to its birth position every year after twelve months. This given chart is used to pinpoint the ...

Solar return (revolution) for a particular year calculates the exact moment, when transiting Sun returns on the same birth position. In an essence, it is our "astrological birthday", which can occur on ...

For instance, if you were born on 13 April, the Solar Return may occur on 12 or 14 April, depending on the year, at a time which is most probably different from the natal time of birth. With our new ...

Simply select your desired year and location to generate your personalized Solar Return analysis with AI-powered insights. If omitted, we will use your birth location. Every year, the Sun returns to its ...

There are many house systems, but two main ones will likely be used when calculating a Solar Return Chart: the Placidus system and the Whole Sign system. The main difference is that the ...

"You can interpret the solar return chart in a similar manner to a natal chart!" according to Michas. "It will have all the same elements: an ascendant, sun, moon, and other planets."
