---

This large-capacity, modular outdoor base station seamlessly integrates photovoltaic, wind power, and energy storage to provide a stable DC48V power supply and optical distribution.

To cope with the problem of no or difficult grid access for base stations, and in line with the policy trend of energy saving and emission reduction, Huijue Group has launched an innovative ...

The HJ-SG-R01 series communication container station is an advanced energy storage solution. It combines multiple energy sources to provide efficient and reliable power.

The HJ-EMS400 Station-level EMS System is an advanced energy management solution designed for the collaborative management of photovoltaic (PV), energy storage, and charging ...

With our pre-configured solar container unit, you can get going quickly, and the folding solar panels for containers can be deployed in less than three hours. Go big with our modular design for easy ...

The liquid cooling system conveys the low temperature coolant to the cold plate of the battery through the water pump to absorb the heat of the energy storage battery during the charging/discharging ...

Discover how Higher Wire shipping container solar systems provide reliable, off-grid power for remote worksites and projects.

HJ-SG Solar Container provides reliable off-grid power for remote telecom base stations with solar, battery storage and backup diesel in one plug-and-play solution.
