Wei Wang's 3 research works with 4 citations and 36 reads, including: A Load Test Research on Large Power Transformers

Improving the deformation coordination ability of unequal length pile groups is a key point in the application of pile foundation engineering.

Wei Wang Director, State Grid Information & Communication Co., Ltd. Wei Wang is on the board of State Grid Information & Communication Co., Ltd.

In order to meet the visualization requirements of the cavitation field distribution in the ultrasonic cavitation reactor, a method based on the numerical simulation of the amplitude of sound...

Affiliations: [State Grid Smart Grid Research Institute Co., Ltd., Beijing, China].

Wei Wang received the B.Sc. and M.Sc. degrees from Taiyuan University of Technology, China, in 2012 and 2015, respectively. His research interests include high voltage and insulation technology. ...

Get the details of Wei Wang's business profile including email address, phone number, work history and more.

Wei Wang's research while affiliated with State Grid Electric Power Research Institute and other places
