Need panels, inverters or a ready kit? Browse our catalogue of Solar Kits, Panels, Inverters, Batteries, Pumps & Irrigation Solutions and Accessories.

This paper will serve as an introduction towards localizing the inverters industry in Sudan, both in terms of design and manufacturing. This shall be done by reviewing the inverters ...

Empower and UNDP bring solar-powered clean water to Medani communities. Empower & UNDP deliver 84 solar water systems in Abu Hamad, a major irrigation project in Sudan with LONGi solar ...

With the growing global demand for renewable energy, solar energy storage systems have become the preferred choice for many homes and businesses.

Solar powered water pump technology is a very good solution to agricultural irrigation. The system consists of 12kW solar array, 7.5kW pump inverter and 7.5kw pump and provides 20m³/h water for ...

In recent years, Sudan has emerged as an unexpected player in the renewable energy inverter market. With rising demand for off-grid solar solutions across Africa, local manufacturers are shipping high ...

As Sudan faces increasing energy demands and grid instability, solar power systems paired with lithium batteries are becoming the go-to solution. This shift from traditional lead-acid to lithium-ion ...

With a 15+ year battery life and scalable inverter design, this setup not only meets current energy demands but is also ready for future expansion--whether adding more solar panels or ...
