Top Hat is an interactive platform for students and educators to access engaging course materials, assignments, and resources.

Welcome back to Top Hat. Students and Professors log in here to access your course.

To make the most of EV ownership, you need high-voltage charging equipment at home. Heres everything you need to know to get started.

Our team has tested the top home EV chargers on the market. ...

After 58 hours of research and 95 hours of testing, we've found the best models to charge your electric vehicle at home and on the go.

When considering the best home EV chargers, there are two different types of EV chargers for drivers to consider: Internal/onboard chargers and an External Charger/EVSE.

Experience a seamless connection between Top Hat and your LMS. Enjoy easy navigation, direct links to course materials, and synced grades for better teaching and learning.
