Greentech Renewables supplies Trina Solar 330W 120 Half-Cell BLK/BLK Solar Panel, TSM-330-DD06M.05 (II) and other pre-qualified solar equipment from Trina Solar through our extensive ...

More Power and EfficiencyImproved Performance at Hot TemperaturesHigh Quality StandardsReliability and Degradation ResistanceA Panel That Can Handle Hail, Wind and SnowSlow degradation over the next 25 years is guaranteed by Trina Solar. The performance will decrease no more than 2% during the first year and 0.25% annually thereafter. Your modules will retain at least 92% of original performance after the 25 years are over. This 330 W Trina Solar solar panel also comes with a generous 15-year product warranty. Renewable Energy Systems is so excited to bring the Trinasolar 330 W solar panels to Alaska. Better panels with better power outputs in harsh conditions. This is a 120 Half-Cell module that is black-on ...

The Trina Solar DD06M series modules have a half-cut cell design and a split center-mounted J-Box configuration. The split series cell structure improves module longevity while also reducing partial ...

TSM 330 has solar cells half the size of those installed in conventional panels. The main benefits are decreased power loss, improved longevity and better low-light performance.

Trina Solar DD06M series modules feature half cut cell architecture with a split ...

Trina Solar 330 Watt Mono Solar Panel - All Black - TSM-330DD06M-BK o EcoDirect sells Trina Solar Panels at the lowest cost. Order Online or Call Us! 888-899-3509.

Trina Solar DD06M series modules feature half cut cell architecture with a split center mounted J-Box layout. Split series cell layout improves module resilience and reduces the impact of partial shade.
