How much can you save with energy2 battery energy storage?

Calculate how much you could save with energy2 battery energy storage How we calculate your savings: Your 16kWh battery system shifts 16.0kWh of energy from expensive peak hours (27p/kWh) to cheap overnight rates (7p/kWh), saving 20p per kWh shifted.

How do smart battery systems help you save money?

Our smart battery systems help you save money and reduce your carbon footprint. Our smart battery charges during off-peak hours when electricity rates are lowest Power your home with stored energy during peak hours to maximise savings Our AI continuously optimises your energy usage patterns for maximum efficiency

What is smart energy storage?

Standardized Smart Energy Storage with Zero Capacity Loss All-In-One integrated design, 1.76m² footprint, saving more than 30% of floor space compared to split type Low-voltage connection for AC-side cabinet integration, ensuring zero energy loss Four-in-one Safety Design: "Predict, Prevent, Resist and Improve"

What are the advantages of standardized Smart Energy Storage?

Zero capacity loss, 10 times faster multi-cabinet response, and innovative group control technology Meet various industrial and commercial production and life applications Standardized Smart Energy Storage with Zero Capacity Loss All-In-One integrated design, 1.76m² footprint, saving more than 30% of floor space compared to split type

Save up to 80% on electricity bills with Energy2's smart battery storage ...

Star Pro Series Cabinet ESS (258/289/385kwh) Integrated design, plug and play, easy to install. IP54 protection level; Electrical safety, system safety, electrochemical safety, mechanical safety and other ...

Store cheap electricity from the grid at night and use it when daytime prices go up. You don't need solar to start saving with home energy storage.

EnerMax-C& I All-in-One Energy Storage Cabinet by Energy Initiative UK Renewable Initiative Supply / Installation & Maintenance.

Did you know a typical British home could slash electricity bills by 60% with a home energy storage system?
