On July 10 - Maxim Timchenko, CEO of DTEK, led a session at a URC stage, launching Ukraine's biggest-ever battery storage project, using U.S.-made batteries from Fluence.

Discover 10 emerging new flow battery companies to watch in 2026 & find out how their solutions will impact your business!

In the rapidly advancing solar landscape, Successful bid price of flow battery system project in Ukraine 2025 plays a pivotal role in enhancing grid resilience and energy autonomy.

Due to the challenges of war and restricted access in Ukraine, this is the first project Fluence has commissioned fully remotely. As part of the delivery, 20 Ukrainian power engineers and ...

R.FLO LLC: Developing iron-based flow batteries for long-duration energy storage (up to 20 hours), a crucial technology for grid balancing and integrating renewables, using affordable and ...

Market Forecast By Type (Vanadium Redox Flow Battery, Zinc Bromine Flow Battery, Iron Flow Battery, Zinc Iron Flow Battery), By Storage (Compact, Large scale), By Application (Utilities, Commercial & ...

Ukraine Next Generation Advanced Battery Market is expected to grow during 2025-2031

Ukrainian energy start-up R.Flo has won funding from the UK government for its iron flow battery prototype project. The award was made under the InnovateUkraine competition with the ...
