Discover our full lineup of high-frequency inverters designed for commercial, industrial, and home applications in Iraq, including wall-mounted systems for compact installations, rack-mounted ...

To provide our customers with state-of-the-art PV modules and systems at competitive prices, plus outstanding technical support and customer service.

LiFePO4 Battery: Safety and Long Lifespan, high efficiency, and high power density. -Intelligent BMS, providing complete protection -Support high discharge power -IP20 fan cooling, natural cooling, wide ...

Therefore, 5G macro and micro base stations use intelligent photovoltaic storage systems to form a source-load-storage integrated microgrid, which is an effective solution to the energy consumption ...

With nationwide coverage and a dedication to innovation, we strive to power a greener future for Iraq. Sippar is a leading solar power and renewable energy solutions company based in Baghdad, Iraq, ...

Introducing the 10kWh/15kWh Lithium Battery + Smart Inverter System, engineered specifically for Iraq's harsh climate and energy needs. This all-in-one solution delivers uninterrupted ...

An improved base station power system model is proposed in this paper, which takes into consideration the behavior of converters. And through this, a multi-faceted assessment criterion that considers both ...

Leading supplier of high-quality electrical equipment including generators, solar systems, circuit breakers, and LED lighting. Trusted by industries across the Middle East for reliable power solutions. ...
