In a recent statement, the Chief Executive Officer of MTN Nigeria, Karl Toriola, revealed that the company has rolled out the 5G service at 13 cities and over 700 sites in Nigeria.

Airtel Nigeria has reiterated its commitment to boosting Fifth Generation Network (5G) connectivity in Nigeria, even as it plans to roll out more 5G sites across Nigeria.

In a recent statement, the Chief Executive Officer of MTN Nigeria, ...

As of December 2023, most telephone connections in Nigeria were still on 2G as the technology accounted for 57.84% of all connections in Nigeria. However, that changed in 2024 with ...

When 5G launched in Nigeria in September 2022, it came with bold promises: ultrafast speeds, low latency, and a leap toward smart city innovation. But nearly three years on, the ...

However, there is definitely going to be higher demand for 5G connections, especially as there is now some level of competition and as more 5G base stations are deployed in the country.

The Nigerian Communications Commission (NCC) has said that the Fifth Generation (5G) network has only reached about 30 cities in Nigeria.

Following the approval of the NCC, we have rolled out initially, starting with about seven cities, but now we are in 13 cities and over 700 sites in Nigeria. We had the launch event in Lagos, ...
